

Project 14 - Illustration 1

NAME: _____

Assignment:

You will use Illustrator to make your first illustration. This will be a hand drawn sketch that is uploaded to illustrator. The sketch may be done on paper or in Photoshop. Once you have the sketch uploaded, use the pressure setting on your Wacom pen and add outlines over the top of your sketch. This needs to have a good use of thin to thick line. You will also add shadows and highlights using tints and shades of your base color.

Grading Rubric

(33 Points Total)

Categories	Category description / points	Points
Project Name	The image is named correctly Project 14 - Illustration 3 Points	
Sketch	Include in your final project a copy of your original sketch 6 Points	
Pressure Outlines	The outlines on the sketches have a good use of thin to thick lines from the pressure sensitivity in the pen tool. 6 Points	
Color	Color is added inside the outlines of the image 6 Points	
Shading	Between the color and outline layers you have added a darker shade of color to give the effect of shadows. 6 Points	
Tinting	Between the color and outline layers you have added a lighter tint of color to give the effect of highlights. 6 Points	
On Time	Project needs to be handed in on time -2 points for each day it is late
