

Project 5 – Lightning Brush

NAME: _____

Assignment:

You will watch the video on my website (woodmathroom.weebly.com) . This will walk you through how to set up a custom lightning brush. You will need to make sure you choose a picture of lightning that is of good resolution. Once you have this brush made you need to apply it to some type of image. This could be used behind a cutout or on top of another image. Be sure the image you use for your final product is also of good resolution and doesn't appear pixelated.
