

## Project 6 – Fire Brush

NAME: \_\_\_\_\_

Assignment:

You will watch the video on my website ([woodmathroom.weebly.com](http://woodmathroom.weebly.com)) . This will walk you through how to do a fire brush effect to a photograph. You may use masking to get this effect to appear on parts of the photo, or the entire photo. Once your project is complete be sure to place a black frame around the outside.

### Grading Rubric

(12 Points Total)

Categories	1 point Needs improvement	2 points Meets Expectation	3 points Exceeds Expectations	Points
<p><b>Image is Properly Named and Saved</b> Image should be named <b>Project 6 – Fire Brush</b>, and saved as a .jpg</p>
